Spiral Flute blanks are up to 3" Fast or Slow in Stock. Please consult factory for pricing.

Slow = 30° Helix

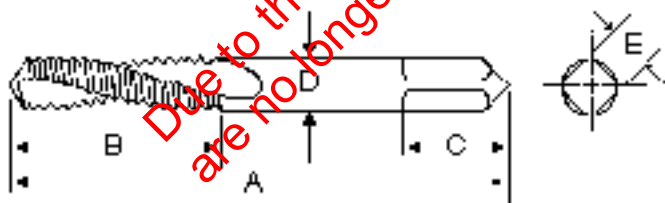

Plug chamfer on Fast Spiral Flute add 20%

Fast = 52° Helix

SLOW - Slow Spiral will provide a lifting action for chip removal in deep or blind holes.

SLOW SPIRAL

30° SPIRAL - PLUG OR BOTTOMING

We Stock the **LARGEST SPIRAL FLUTE TAPS**

IN THE WORLD
Up to 3" Diameter

Over 3" consult factory for prices.

FAST - Fast Spiral will provide an even greater lift action when tapping very deep holes or blind holes in soft steels.

FAST SPIRAL

52° - BOTTOMING ONLY

ORDERING INFORMATION NEEDED FOR ACME TAPS

To accurately determine our customers specific needs in ACME taps, it is essential that we obtain the following information:

- | | |
|---|--|
| <ol style="list-style-type: none"> Major diameter and threads per inch. Minor diameter. Right or Left Handed. Material being tapped. Is tap to go through, or bottom, or to be backed out. | <ol style="list-style-type: none"> Pitch diameter of GO and NO GO plug gages. (unless GO plug gage pitch diameter is given, tap pitch diameter will be established from basic pitch diameter) Finishing taps furnished separately require customer to provide largest roughing tap in set. A diagram as illustrated below is desirable: |
|---|--|

Dear Valued Customers:

On behalf of myself and all the employees at **Widell Industries, Inc.** we would like to thank all of our distributors for helping us achieve over 42 years of manufacturing special threading tools.

Widell, the pioneer of same day service for special taps and dies, up to 8 inch in diameter, is still setting the standard for the cutting tool industry.

Although our reputation was built on service, our growth is made possible by increasing demand for our quality products.

It is our commitment to fast service and quality products that has made us one of the leading manufacturers of special threading tools.

With two plants, strategically located throughout the U.S.A., and a highly trained professional staff to answer any of your application needs, we offer the finest in customer service and satisfaction. **Widell** is committed to continuous same day quotes on blue print specials.

Through your continued support, **Widell** will always be the leading supplier of Special Acme threading tools in the U.S.A. and we have the world's largest range of special threading dies in stock.

Again, all of us at **Widell Industries** say thank you for your support over the past 42 years and we look forward to continuing to provide you with the quality and service you deserve.

Sincerely,

Wayne Widell
President
